Start sending PDF-invoices

Make sure that you have completed the registration and clicked **Activate** on the final page of the registration flow. Now you can go to your email or invoicing software and create a PDF-invoice. For the service to work, the invoices that you send must have the same layout as the first invoice. Because the invoices are read electronically, the content of each invoice must be in [machine-readable](#) text format - the invoices cannot be hand-written, scanned or contain the information in image format. Please make sure that your PDF-invoices are machine-readable and that they are sent to the correct Brant Community Healthcare System email address for PDF-invoices (found in section A of this supplier kit).

1. Create a PDF-invoice

There are many ways you can create a PDF invoice:

- You can use your current accounting software, if it allows you to export invoices in machine-readable PDF format.
- You can use a word processing or spreadsheet software - for example, tools from the Microsoft Office, if it allows you to save documents in machine-readable PDF format:

2. Attachment policy

If you need to add additional attachments to your email message, such as a delivery note, please make sure that you follow the attachment policy for additional attachments:

- You can only send attachments in PDF format. The service ignores all other attachment types.
- Name the attachment so that it contains the word attachment, anhang, anlage, adjunto, annex, or liite. For example, attachment_112233.pdf.
- If you send multiple attachments, Basware recommends that you send only one invoice per each email.
- If you must send multiple PDF e-Invoices and attachments in a single email, follow these guidelines:
 - Make sure that each attachment has the keyword attachment in their filename. ○ Make sure that each attachment is associated to a business document PDF:
 - Single business document PDF: each attachment is automatically linked to the business document PDF.
 - Multiple business document PDFs: attachments are linked to a business document PDF, if the filename of the attachments contains the filename (without the file extension) of the business document. For example, document1_attachment.pdf will be linked to document1.pdf.
 - The attachments are valid, if:
 - The email contains at least one business document PDF.
 - Each extra attachment is linked to a business document PDF.

More information about the attachment policy can be found [here](#).

3. Send the PDF-invoice

1. Using your standard email client, create a new email message.
2. Attach the PDF-invoice you have saved on your computer to the email message. It is possible to attach multiple invoices into one email.
3. If you want to send additional invoice attachments to your customer, such as delivery notes, please attach them to the email. Attachments must always be delivered together with the PDFinvoice. For instructions on how to name the additional attachments, see Attachment Policy.
4. Type Brant Community Healthcare System PDF-invoice address in the email receiver field. Brant Community Healthcare System email addresses for PDF-invoices are found in section A of this supplier kit.
5. Send the email.

THE BASWARE PDF-SERVICE DELIVERS TO BRANT COMMUNITY HEALTHCARE SYSTEM ONLY PDF-INVOICES THAT ARE SENT FROM EMAIL ADDRESSES THAT ARE REGISTERED TO THE SERVICE. THE SERVICE WILL AUTOMATICALLY REJECT INVOICES THAT ARE SENT FROM AN UNREGISTERED EMAIL ADDRESS.

4. Invoice delivery

Basware sets up the conversion process when you send the first invoice into the service. For the service to work, the invoices that you send in must have the same layout as the first invoice.

Basware will notify you by email when the first email has been delivered to Brant Community Healthcare System successfully. The first PDF-invoice can take a few business days to be mapped and delivered to Brant Community Healthcare System.
